

Mr. Adam Darick Bishop

February 7, 1980 - February 2, 2024

It is with great sadness that the Bishop family announces the unexpected loss of Adam Darick Bishop. Adam passed from his earthly body to his heavenly home on February 2, 2024. He was 43 years old, just shy of his birthday on February 7, 1980.

Adam was honorably discharged from the United States Army having served from October 2001 thru December 2008. While serving his country in places such as Kosovo and Afghanistan, Adam made a multitude of genuine friendships that formed lifelong bonds. After serving his time Adam went on to become a graduate of Virginia College with a degree in Network Engineering. From February 2019 to present he was employed with NASA as a security police officer and a member of the FOP.

Adam loved his family, friends and brothers in arms. Adam was especially a protector and friend to the underdog. He had a very generous heart and loved to make the toughest of characters smile. His favorite things to do were to share his knowledge of weapons with likeminded people. He was an avid outdoorsman and would often be found outside on his shooting range.

Adam will so very deeply be missed by his wife of 10 years, Carrie, their son Archer and stepdaughter Chloe. He leaves behind his grieving father Kendall Bishop, Mother Diana Bishop, sister Kellie Powers, brother-in-law Joe Powers and niece Katie Buzby.

Adam, everyone you left behind in this world will have a deep void from here on out that you are gone but we find some comfort knowing you are home

now with peace in your soul having reunited with your heavenly family and military brethren.

If anyone would like to express honor to Adam, we ask in lieu of flowers that a donation be considered to either of these causes near to his heart.

“ Adam, is many things to me and my family. He and I have been friends for over 35 years. We attended our first Alabama football game together. (Watching cheerleaders more than the game.) We had great times growing up whether it was playing football or prowling through the woods at my house. In high school we attended countless parties, rode around "The Square" and mad so many memories. Then 9/11 happened and all our lives changed. He made the decision to go to the Army and I already had a family so I started trying to go to work as a police officer. We lost touch for many years but, we always knew that the other was just a phone call away. Then in 2019 he made a call that changed my life and the outlook of it. He said, "Would you consider coming to work for NASA as a police officer." I tried for and accepted that job to go to work with my old friend who became a brother!

At the end of the day, Adam means more to me than he ever knew. He is a lifelong friend that can never be replaced!

To his family:

He loved his wife, son and step-daughter more than anything in the world. His mom, dad and sister were so important and special to him. I know he can never replaced but, we should be proud for him. Proud, that he is with God now and free from this world which can cause so much pain.

I love you Brother Adam!
