“ *My heart is so broken right now. We haven't seen each other in years but my love for you has never changed. You were my very first best friend. And I always treasured that friebdship and always will. You were a great friend and a beautiful person. Thank you so much for the years of friendship.*

“ *I have never forgot you and will never. I haven't seen you in a long while but that didn't matter. We became friends when we were just kids and had a lot of fun times hanging out the rest of the gang, some of whom have already gone on and you will join them now. I know we will all meet again sometime in eternity. Thank you for all the laughs. Much love.*
