

Mrs. Betty Jean Wood

February 2, 1935 - May 3, 2021

It is with great sadness that the family of Mrs. Betty Jean Wood announces her passing on May 3, 2021. Surrounded by family, she departed this worldly planet to join her daughter, granddaughter, and parents in Heaven. No more sadness and no more pain will her sweet body endure.

Ms. Betty Jean was a member of Randall's Chapel United Methodist Church in Scottsboro, Alabama where she attended as often as her health allowed. Her husband and best friend, Mr. Harry Wood, would attend on those Sundays that Ms. Betty Jean could not make it to Sunday service. She was a remarkable lady who loved anything arts and crafts, traveling and doing for others. Prior to her declining health, there was not a week that went by that upwards of 20 people enjoyed a hot, home-cooked meal right in her kitchen. No one left hungry or sad. Her house was always filled with love and laughter where everyone was welcome and treated like family. More recently, the staff at 50 Taters were providers of many meals for Mr. Harry and Ms. Betty Jean, where she loved to eat and loved the staff just like they all were one of her own.

Ms. Betty is survived by her husband, Harry Wood. They were married for a total of 42 wonderful years. She is also survived by Sister, Nancy Rose (James) Gregory; Stepson, David (Cara) Wood; Stepson, Curtis Wood; Stepdaughter, Kay Wood; Granddaughter, Betina (Jordan) Webb; Grandson, Scott (Leslie) Webb; Granddaughter, Erin (Jerwin) Velo; Granddaughter, Anna Wood; Nephew, Steve (Emma Dean) Beard; Nephew, Bruce Beard; Niece,

She is also survived by two great grandchildren and a multitude of cousins, and many, many friends.

“ *Betty Jean and I have been friends since she worked at Belk Hudson in the Scottsboro Plaza. She was always someone I admired with her smile and the way she dressed. Then in 1983, I was working for the American Bank in Luling, LA and who walked in was She and Mr. Harry. Someone told her I was working there and they were looking for place to live and our journey began. We lived in the same Apartment Complex. Everyday I would come home from work and she would yell out the window, "Supper is ready" and boy was it good. My Husband Charles and myself and the Wood's have traveled many miles together. Charles and Mr. Harry worked together on several jobs. Our greatest joy was going to South and North Dakota, and, Montana. There were 4 couples that made this wonderful 19 day vacation. We camped which us and the Woods loved to do. We will miss our Friend. She was such a caring and loving Lady. She loved having company. Yes, the house was full and fun. Rest In Peace our Dear Dear Friend. Praying for Mr. Harry. He was so devoted to her and loved her so much. He always wanted the best for her. Thank you Mr. Harry for taking such good care of Miss Betty Jean. My favorite name for her was "Betty Blooper." Till we see each other again" Betty Blooper".*

“ *I first met Mrs. Betty Jean Wood in 2017 through her granddaughter, Betina. She had a smile that lit up the room. Anytime I saw her and Harry in public, most often at 50 Taters, they would go out of their way to greet my husband and me. On New Year's Day of 2019, Betina calls me to tell me that her grandmother had invited us to partake in their dinner. We happily accepted and it was the most delicious meal that I had had since my own grandmother's earthly departure. I was profoundly heartbroken to hear of her passing and would like to share my deepest condolences with the entire family. The mark that she left on our hearts shall forever shine; even on the darkest of days to come her light can penetrate through the shadows of sadness to bless us all in her loving memories.*

“ I am one of those that she treated me like her own. Chee Chee was my best friend and when we lost her, Betty Jean and Harry would always invite me to the house to eat. Betty Jean was an amazing cook but the most amazing person who I love very much.
