“ *I/we were very sorry to learn of Brian's passing. Although my wife never got to meet him, she has heard many stories and memories of my times with Brian while at UNA. It's always easy to remember memories and stories that include someone that always made people laugh and smile (sometimes at his own expense). I will always remember Brian for the excellent and loyal friend that he was and am very grateful for the opportunity to know him. Candace and all of Brian's family and friends are in our thoughts and prayers during this unexpected and difficult time.*
