“ *I am so heart broken. I loved Mr. Patterson! He was the best teacher ever and he was my favorite teacher. I remember how goofy and sweet he was. One time he was gonna paddle some of us students, when we got in the hallway he told us to act sad like we were paddled when we got back in the room. He proceeded to hit the bottom of his shoe and sent us back in. We all tried to act hurt and sad but it was so hard to do without busting out laughing. We all loved learning in his class because he made it fun and interesting. I have thought of him often through the years and would have loved to have talked to him again. By the looks of the pictures he had a very active and wonderful life. I know he was always full of life when we knew him. Go rest high Mr. Patterson, we love and miss you!* ”

“ *Mr. Patterson was my high school science teacher at Woodville in the early 1990s. He was such an intelligent man! I will always remember his humor and how he greeted us every day as we entered the lab. I still find myself using many of his funny expressions with my own children and college students. He and I share the same birthday, so we enjoyed that bond. Rest in peace, Mr. Patterson. War Eagle!*

“ *Mr. Patterson was my biology teacher at N.S.M. in the eighties. I was not a fan of biology but was a big fan of Mr. Patterson, his sense of humor made me look forward to his class. He gave me a nickname which made me feel seen. My condolences. May you rest in peace.*
