“ *I will never forget growing up being around my brother Chris. I'm 43 he's a little older than me I would always look forward when I got to see him again and my childhood days. Growing up being around him was awesome I wanted to act like him he took me hunting for my very first time at 13 years old. And never will forget it 11° that morning. We spent many days fishing together also. My brother had a lot of good qualities about him he was a good Carpenter inside and out a house an excellent painter he taught me how to paint and carpentry. He had a love and passion for the outdoors never will forget my big brother I really spent many a hot and cold days feeling a handful a house together down through the years Craftsman houses the type it takes a year to build and then you start on the guest house learned so much through him. Always looked up to you big brother and I will see you again and we will ride again love you so much Jesse Evans.*
