“ *When I was born, Danny was not real pleased about having a stinky ole sister so he decided to run away. When Mom and Dad were bringing me home he decided to put on his little red suit coat and packed his suitcase and he was going to runaway, but he only went as far the front yard. Turns out that he loved me and I loved him. I will love you forever and will carry your memory next to my heart forever. Rest in peace dear beloved brother till we meet again*

“ *Danny Jo is such an extraordinary man. He had a big impact on my life. He always was there for me no matter what and i was always there for him. I love him with all of my heart i couldn't wait to get to work to get my hug from him amd hear him say i love you girl. He would always tell me if he had a daughter he would want her to be just like me. He was such a blessing to me he always made me laugh and i enjoyed every talk we had. I hold him dear to my heart i know he will always be with me as my guardian angel. He will be missed tremendously.*
