“ *Melissa I want to thank you and Denise for being in my life and being my friend for all these years..When me and Denise met we were automatic became friends and then when he met you you became the love of his life and he told me Tina I like her. I'm going to marry her one day. I said you don't even know her well introduce me to her and I did and it seemed like you guys have been together ever since...I Remember the last time I called and we talked he was so happy it kept asking me when you going to come and see me. Dennis was the type of person if he was your friend, he was your friend. I loved him just like a brother and I'll never forget him. Melissa, be strong because one thing I can say Dennis left this world. Loving you.if you ever need me I'm here.I love you.*
