“ *Jamie & John Mark--I'm so very sorry to hear of Doris's passing. What a great Lady!! She was a mother figure to me for many years of my childhood. Starting when I was 9 years old. LOL I was so excited that a family with a little girl was moving into the neighborhood, and I knocked on the door. When Doris answered, I said "Hi, I'm 9 years old and I've never had a girl for a friend before." I was reminded OFTEN that that was how I had introduced myself. Jamie & I became fast friends, spending as much time as possible together, often at their home. Doris fed me, watched out for me and loved me, as I loved her. When she was expecting John Mark, I think I was as excited as Jamie was! John Mark (as I will always think of him!) was like our little doll. Until he cried or needed changing. Then, we would disappear. Usually to John's workshop to play one of our days, maybe weeks-long, Monopoly games. I always knew that if I needed anything, Doris was there. I know she will be missed so much, but really, she is always there--in your hearts. I truly hope you find comfort in all the great memories and all the things she taught you. And me. I will always remember her with love & gratitude for who she was in my life. Love, Melania*
