“ Our mom met Doris in college and enjoyed a sweet friendship for many years. Our families enjoyed her cookies, ice cream at Payne’s, or visiting her at home. What a blessing to know such a precious, kind, and thoughtful Christian lady!

“ I was gifted with the opportunity to meet and develop a dear friendship with Doris that I cherish. From the moment we first met, I felt her genuine love and deep compassion for others. We spent many hours talking and quickly realized we had so much in common even though we were born decades apart. She told me we were kindred spirits, I wholeheartedly agreed. Because of that, I began reading *Ann of Green Gables* to her. As I read, I watched the glow in her eyes, the wide smile on her lips and the heard the laughter of her heart as she imagined us living out the adventures of Ann and Diane.

Doris was known and loved by so many. Her love of others was only overshadowed by the most deep and genuine love of her children.

My time with her was rich and heartfelt. We shared the same deep love of our Lord and Savior, Jesus Christ. Her worn Bible was a testament to her faith. With all confidence, I know her soul is with her Savior and we will meet again.

“ I have had the great gift of getting to know and call Doris my friend. Although our meeting each other did not happen until a year ago, we were able to spend many hours together. We quickly realized how much we had in common even though we were born decades apart. She told me we were kindred spirits, I wholeheartedly agree. Because of that, I began reading Ann of Green Gables to her. She loved the spirit of both Ann and Diane. While I read, I watched the glow in her eyes, the wide smile on her face, and laughter from her heart. Our time together was rich and wonderful, albeit it much too short. I miss her so very much but I know without a doubt that her soul is now with her Lord and Saviour whom she proudly trusted, followed and served. We will meet again.

“ Mrs. Doris was my sweet neighbor! She was the sweetest person I've ever known. She loved to visit with my kids and ask them all about school and band. My office window faces her house and I used to watch her while I worked; walking her yard to inspect her flowers. My family will miss her dearly!

“ *Such a precious soul. For many years Ms Lee would bake cookies for our boys and bring them over when we were visiting our mother in Scottsboro, or send them by her when she was visiting us in Georgia. Ms Lee was always a smile, great conversations about our time in England, deep conversations about the Lord. She was the little lady you enjoyed to visit, who was a master of everything but humbled about it all. This picture was taken our last visit with her in June 2024. If there was ever a little lady to be inspired by, it was Ms Lee.*

Our deepest condolences to her three beloved boys and their families.

“ I am so sad to see this. Doris was my mother, Ella Wilson's, best friend and would call me a couple times every year just to talk about trips that she and Mama had taken. I guess the best one was a trip to England, sometime in the late '70's. For the first time, she didn't call for my last birthday, but don't think she ever missed any others. She was such a sweet, lovely person.
