“ I went to school with Beth and I remember her being a very sweet person. After graduation I lost contact with her until I went to work for the school system and then I connected back up with her at one of the end of school breakfast and she had not changed a bit. Still had the same sweet smile and personality that she had in school. I feel blessed to have known her and went to school with her. May she Rest In Peace cause now she is cancer free and living a brand new life in heaven. My prayers are with the family. God bless you all.
