“ I think I could write a whole book about Hailey & how absolutely amazing she is, but I'll try to keep it short.

We weren't very close in high school, but about a year ago I ran into her at a water park. As she and I crossed paths I remember her smiling ear to ear and saying, "Hey Abby!". I went home that day and talked to my fiancé about how sweet the interaction was & how she made my day. Flash forward another 6 months or so, her and I grew a friendship. It was short lived, but the impression she left on me will last forever. Everything about her radiated nothing short of love & light.

She was a physical embodiment of sunshine. Her light will always live on. That's something I know that's certain. 🦋☀️🌿
