“ *I don't know if the family still reads this.. but I've thought of Jack and Anna several times over the past few years, especially poor Jack when Anna had passed... I felt very close to them. They were like family to me, and I loved them very much.. They are both so very missed, and I still wish for them to come in and eat with us. They were so happy and full of life in their time here on earth and I will never forget them. Sending love and good thoughts to your family. I know that Jack is happily reunited with his Anna. ~Mary Thompson (Joe's Pizza)*
