“ *Teri,*

*I didn't know Jim, but I'm so sorry to hear about your loss. David B and I were just talking about you while reminiscing about our time in the "big" band and our "little" band as well. You were an integral part of both and we have fond memories of that time well over 50 years ago now. I hope you're doing as well as can be expected during this time. Jim's list of honors and accomplishments is impressive, but even more impressive is the number of friends and family members left behind who will have to carry on without him. I'm sure he will be missed by all who knew him.*

“ Jim and I worked together for may years on the police force. He was one heck of a good officer. I was blessed to have him with me. My thoughts and prayers go out to his family that God will wrap his loving arms around them and give them comfort.
