“ Jason at age 5 attended Calvary Baptist Kindergarten. His teacher fell in love with him immediately as he taught her all about farm equipment, especially the tractor and combine. Thirty two years later his teacher remembers him as the most loving, caring, and compassionate child who taught her more about life than she taught him. Love the memories of that sweet child who became such a sweet man.

“ Jason was a kind, friendly & gentle soul. He was always so friendly when I spoke with him at the store. He was always happy, smiling. He was the just like his parents, friendly, kind & funny. Jason was a gift to many. I pray the Lord will bring the family comfort during these times. Dewayne and Connie are two of the sweetest folks you will ever find. My deepest condolences to you all. Rest in peace Jason. For you have become an Angel in heaven, smiling down on all. We will miss you and remember you alwaysRandy Watson.

“ I am so very sorry to hear about Jason. My name is Anna Collins Rogers. I am younger than Jason, but went to high school with him. I think Mr. Wilkerson knew my Daddy, Eddie Collins, who passed away with cancer as well. I just want Mr. And Mrs. Wilkerson, along with Jason's wife and children to know that I will be praying for you all in the days, months and years to come. I know how painful this must be for you. Jason was truly a sweet, kind, funny person. He will be greatly missed. Please know that God is there and he will never leave you even in the darkest of times. Over the past three years that my Daddy has been gone I have dealt with anger, depression and sadness. But the one thing I have always come back to is our Lord Jesus and he has always proven to have never left me. I don't understand why these things happen and I may never, but I can tell you to cherish the memories and the children. They will be your rock. Much love and prayers through this difficult time. May you look to Jesus for all things and try to keep focused on him. He will help you through all things. Love and prayers,
Anna Rogers
