“ I truly loved this lady She was my lead person for many years at Maples. I was in a big way of talking to Tammy Hester one night (imagine that), while I was sewing. Nancy knew something that I didn't (I was being timed). She came by my machine in true "Nancy" fashion, tapped me on the shoulder smiling. Then she leaned down, looked me right in the eyes with the look of a grizzly bear, and growled. "SHUT UP AND SEW"! Just one of the many times she rescued me!! RIP Sweet Friend. I'm thankful for the memories ❤️

I worked with Nancy for several years at Maples. She was a lead in the Serge department and I was a lead in the Inspect department. She was a wonderful person. Always so kind and soft spoken. I truly loved her and enjoyed knowing and working with her. RIP Nancy.
