“ *I am so sorry to hear of Ray's passing! He was the best mechanic I ever worked with! He was a tremendous help to me and always had such a positive attitude. When I would get a challenging problem like something we had to build for a customer, I would often say, "This is a job for Ray." And as often as I could I would get the job assigned to him. He made tremendous contributions to manned space flight. Thankful to have known and worked with him.*

*God Bless your family!*

“ I was blessed to have known Ray and had worked with him at Boeing. Ray had a great spirit and a true southern character that will be missed. He was always willing to lend a helping hand and loved to make you laugh. He is one of those people you meet and don't forget. I'm very saddened to hear of his passing but am grateful to have called him a friend. Rest in peace Ray.

“ *I was very sad to hear of Ray's passing. I worked with and around Ray for almost 30 years at Boeing. Ray was always quick to help and quick to share a laugh. I never saw anyone that could bend and shape tubing like Ray. I can tell you that Boeing is going to miss him professionally and personally.*
