“ *Shawn is just one of us. He's part of our heart and soul. He grew up with us. He couldn't have known just how much he was loved and how much we will all miss him. He has changed the world for many of us because it will never be the same place without him. I've known Shawn most of his life and he had a genuine heart that truly cared about those he loved. His friends were his family. Every one of us has a different story to tell about our relationship with Shawn. But he loved all of us. Our hearts are heavy but Heaven is hosting a reunion party today welcoming him home. We will see him again when it's our time but until then keep the thought that he had much rather be where he is now than this old world he left all of us in. Love you Shawn watch over us brother.*
