“ *My sister was the most loving, fun , giving person. When we had fish fries at my mom's house, she would always check to see who was having to work at hospital, local police, fire to make sure plates of fish got shared with all. She did same thing on holidays- she shared the bounty of food . I am thankful she is free of the horrible pain she's had for past 10 years and I pray she is running the green fields in heaven. Your passing has left a hole in our life and you will never be forgotten.*
