“ *Verna was an exceptional nurse and loyal friend. I worked in the Southern Counties and she in the Northern Counties as Adult Health Coordinator. She was my mentor when I first took the job and taught me so much. We attended many workshops together and it was always so much fun to be around her. She was such a compassionate person, always going above and beyond in her efforts to make sure her patients got the best care and counseling. She loved her family and spoke of them so often. She truly left each of you such a remarkable legacy. I had not seen her in a few years but thought of her often and will never forget her influence for good on me, not only as a nurse but a wonderful friend.*

“ *I haven't seen Verna in several years but the years we spent working together at the Walker County Health Department were great years. I considered Verna a true friend. She always had great stories that kept everyone laughing but along with the laughter took her work seriously and was an awesome nurse to the patients she cared for daily.  
She will be missed.*

“ I am sorry about your loss. During these times it is important to draw close to God in prayer for the Bible promises that "he himself will sustain you." (Psalm 55:22) It is also important to reflect on the promises that he has given us thru his word the Bible concerning the hope of seeing our loved ones again (John 5:28) My prayers are with your family.

“ I had the pleasure of working with Verna at the Catoosa County Health Department many years ago. She was such a breath of fresh air and always such a pleasant person. It has been some time since I was in touch with her, but I thought of her often and of our great memories from our times at work. She always kept us laughing. She always went the extra mile for her patients making sure that they were taken care of . She loved her family dearly and spoke of them often to her coworkers. I am praying for you all during this time of loss. Verna was truly a special lady. God Bless you all. Love, Lynn Bunn
