“ *I wish I got to know Wilma before she became ill. I'm sure we would have hit it off. I had the privilege of taking care of her in the hospital with such a lovely, caring family at her side. What joy to have met her, what sorrow to have lost her. My condolences to the entire family, friends and relatives.*

Thank you so much for your kind words. She was one of a kind you would have loved her. We sure were not ready to give her up. I would take back a single minute if the 76 yrs we were blessed to have her even knowing the intense pain we feel in her absence. Thank you for all you done. We appreciate it.
