“ Was sorry to read of Woodson’s death. He and I graduated together in the ‘58 class at Section High School. Even though we have lived and worked closely together in Jackson County, I have seen him very few times. In our small graduating class (26), we were all good friends. Since both were employed in the field of education at the same times, one would think our paths would cross more often. I believe I have been in contact with Carolyn more times than with Woodson. It appears he has lead an interesting, industrious life, of which I am proud. I’ll always consider him as a good friend, and extend my deepest sympathy to his family. I pray God will wrap His loving arms around Carolyn and other family members, bringing peace, comfort and understanding. ~~ Brenda Brown~~ Section
